

# Laser Clay Shooting

Experience the thrill and excitement of shooting clay pigeons as they fly through the air in this safe and entertaining team activity.

This dynamic and interactive event uses authentic 12-gauge shotguns that have been converted to fire harmless laser beams. Clays with Omni-directional tape are fired from the launcher - when the shooter hits their target the beam is reflected back to the gun and registers a hit on the electronic scoreboard.

This activity is very popular and loads of fun for males and females of all ages, fitness levels and ability.

Usually this event will be structured with a teams competition for the first hour followed by an individual shootout at the end.

The system is great for groups up to 40 people. If you have a larger group we suggest having 2 sets or pairing this event with Archery to eliminate down time where participants are not actively involved.

## EXAMPLE LASER CLAY SHOOTING GAMES:

**Rapid Fire** – A race to hit the disc first. The faster you hit the more points you get.

**Skill Shoot** – Test your accuracy with points awarded for each hit on the disk.

**Speed Shoot** – Only the first to hit take the points in this do or die challenge.

**Sharpest Individual Shooter** – We will have heats, semis and finals to determine who is the sharpest shooter in your team.

**Duration:** 45 mins - 2 hours

**Location:** Outdoors (must be privately owned land)

**Outcomes:** Fun, Teamwork, Competition, Experiential
